HUSQVARNA ENDURO TESTIMONIAL

SP Custom series tool kits are a must for the Husqvarna Enduro Race Team with our technician's who have a kit each in the Team truck at the race events and also back at the workshop. They are the perfect size and include everything that we need for our test sessions and race events without being too big and heavy. As we are on the road often, other tools that have been very useful are the 18V SP cordless tools and LED work lights.
