EAGLE**
PTY. LTD.

"Since 1991"

Industrial & Engineering Supplies
Independent Company for
Cotton Gin Repair Parts

Continental Eagle is a successful national sales and distribution company for 35+ years, established in Australia September 1991 by Continental Eagle Corporation USA, the worlds oldest *"Since 1832"* and the largest manufacturers of Cotton Ginning Machinery. Narrabri was chosen to be centrally located and prominently placed to service the Australian cotton ginning industry with Continental Eagle cotton gin replacement parts. In 1995 we diversified into Industrial Engineering Supplies and since then we have grown by 100% serving all sectors of the cotton industry and all agricultural based industries, the coal mining, gas and resource industry, seed processing & grain storage industry, road & rail transport industries and general trade throughout NSW , QLD, VIC and now WA/NT.

We are a member of the HBT National Buying Group (now part of Stealth Global Holdings, Perth, Western Australia) giving us purchasing power from the suppliers to provide competitive pricing to our customers for all PPE - Safety Products, Building & Hardware and Industrial and Engineering Supplies what ever it maybe with unbeatable service.

Our team have a collective 85+ years experience/knowledge in the Cotton Ginning Industry and Industrial Engineering Supplies retail business. We are competent that we can help you with and supply anything you need.
